GROWING EUROPEAN MICRO-ENTERPRISES (GEMs)

GEM platform is a success!

The Project is co-financed by the
ERASMUS + Program of the European
Union

We cannot be happier with the results of the GEM portal so far. The last report we got for registrations on the portal was just overwhelming: we've had 697 users benefitting from our 12 Learning Journeys in 4 different languages.

Thank you so much! A lot of work and enthusiasm is taking place on this project.

For us as partners this is such great news as this means we have been able to help so many people so far.

For those who cannot wait on news about the GEM project, you can always follow us on social media, so you do not miss anything!

We continue with partner meetings

As our face-to-face meetings are still not an option, we continue our screen-to-screen meetings. This proves once again how important digital skills and internet are at these times, they bring us all together. The GEM portal is one clear example, as it makes content anywhere, and the pandemic only made online work more important. Looking forward to meeting all of us in person. Until then, online meetings will be the solution. The work must go on!

Multiplier Events are coming!

On this very phase of the project we are now preparing our Multiplier Events to make more known the GEM

Want to know more about these events? Follow us on Facebook and LinkedIn! We will announce where and when they will take place.

Handbook: High Growth Enterprise Coaching

Our handbook GEM, High Growth Enterprise Coaching, wants to increase the growth of enterprises all over Europe.

This can be achieved by exploring the role, techniques and skills required for enterprise coaching, and by empowering the coaches, so they can become specialists.

This Ebook will be available soon, keep in touch for more news!
