## GROWING EUROPEAN MICRO-ENTERPRISES (GEMs)

### Multiplier Events are on!

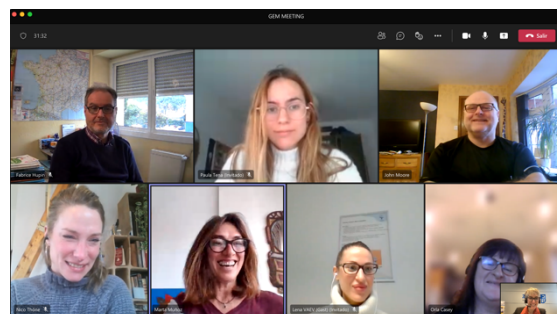

Each partner we have done Multiplier Events to disseminate this project and let it be known. It is a great way to look at the impact of the project at real time. The response and feedback we have had from the attendees has been great! They all find it very helpful and interesting, and we are so happy for that.

For those who cannot wait on news about the GEM project, remember you can always follow us on social media, so you do not miss anything!

### Our last transnational meeting...online

We had it all planned to meet in person for the closure of the GEM project but unfortunately, we could not make it because of covid-19 restrictions. However, we did it online and we are sure you can tell from the image that we all felt very close to each other. It was lovely working all together! The meeting was very productive, and we put things together and stated our final work to do before ending this project. The GEM project has proved it is possible to work online, collaborating with each other. The work must go on!

## No more registration needed on the portal!

Did you know? From now on it is not mandatory to register for accessing the Learning Journeys! It does not matter the language you want, just click on the LJ you are interested on and go to the Curriculum section. There you can find all the content. Enjoy!
